

# Shubham Srivastav

Hardworking, motivated and detail oriented with passion and extensive knowledge of subject matter. Seeking for an opportunity to prove academic knowledge, develop new skills, and contribute to the growth of the organization.

## Project Experience

### Art Gallery Website (Creative Horizon)

- Designed a full-stack art gallery platform for artists to showcase their artworks.
- Integrated user authentication, favorites, image download.
- Used HTML, CSS, JavaScript, PHP, and MySQL for development.

### College Event Management System

- Developed a responsive web platform for organizing and managing college events.
- Features: Event registration, admin dashboard, and dynamic event listings.
- Tech Stack: HTML, CSS, Bootstrap (Frontend), PHP (Backend), MySQL (Database)

### College FAQ Chatbot

- Developed a web-based intelligent chatbot to answer frequently asked questions related to college life.
- Used a structured CSV dataset of categorized FAQs to train the model.
- Implemented TF-IDF vectorization and cosine similarity to match user queries with accurate answers.
- Tech Stack: Python (Flask, Pandas, Scikit-learn), HTML, CSS, JavaScript
